

SHEER WHITE!®

PROFESSIONAL
TEETH WHITENING SYSTEM
Available **ONLY** From Your Dentist

AMD
INNOVATING
DENTISTRY
SINCE 2000

*Better Retention,
Better Revenue,
Better Whitening!*

Thanks for purchasing Sheer White!® Take-Home, but that's only part of our complete professional whitening system. Patients can achieve up to 3 shades whiter with only 30-60 minutes with the powerful In-Office strip. The In-Office strip is a 20% hydrogen peroxide formula delivered by our patented non-slip strip.

For best results combine the Sheer White In-Office and Take-Home strips and use as one simple complete whitening system:

- Apply the In-Office strips at the end of any appointment, patients wear for 30-60 minutes for up to 3 shades whiter.
- Give your patients a Sheer White! take-home kit and have them follow instructions for up to 5 more shades in 5 days.
